New Quick And Comfortable Laser Hair Removal

LightSheer Duet

Description: Rethink hair removal! Getting rid of excessive and unwanted body hair with exciting speed and amazing comfort is now a reality with the LightSheer Duet. Treatment times can now be reduced up to 75% with little or no discomfort. A single treatment on a large surface area, such as the legs or back used to take more than an hour. Now, thanks to new technology, these areas only take 15-20 minutes to treat. Visit www.highspeedhairremoval.com to find out more about the LightSheer Duet for permanent hair reduction and to find a physician near you.
